Tuesday Night PD*

*Professional Development
webinars tailored to the needs
of the Seventh-day Adventist
teacher.*

Brought to you by TDEC

2012-2013

SEPTEMBER 4: BLAST OFF OR FLAME OUT: EFFECTIVE CLASSROOM MANAGEMENT MAKES THE DIFFERENCE

Effective classroom management will reduce the number of disruptions in your classroom. Less disruptions means less time needed for disciplining and more time on task. This webinar will focus on strategies that work from teachers who are making a difference. This is appropriate for K-12.

~ Moderated by Diane Ruff & Randy Gilliam

OCTOBER 2: PATHWAYS AND BEYOND! *Find out more about Pathways Resources for Easy Planning (PREP).*

Martha Havens will present more details about how to use PREP effectively in your classroom. We will also discuss future Pathways development and the proposed Language Arts Standards that are aligned with the Common Core.

~Moderated by Martha Havens & LouAnn Howard

NOVEMBER 6: INQUIRY LEARNING: CREATE A WHOLE NEW WORLD OF UNDERSTANDING IN YOUR CLASSROOM!

How does Inquiry Learning help my students learn? This webinar will focus on integration of inquiry across the 1-12 curriculums. Real classroom activities using inquiry will be shared from various subject areas. Grade 1-8 teachers will learn how Inquiry Learning prepares their students for the new ByDesign science series.

~ Moderated by Jim Martz & Jerrell Gilkeson

FEBRUARY 5: HOT OFF THE PRESS! KINDERGARTEN STEPPING STONES

New Kindergarten Stepping Stones materials continue to roll off the assembly line, are added to inventory and made available to Adventist schools. During this webinar, view the latest additions to the new Kindergarten curriculum for Adventist schools – Kindergarten Stepping Stones. Hear from teachers the techniques they have used to successfully implement this program and take this opportunity to ask questions of these presenters. Do you need assistance now? Don't forget that video presentations from fall 2011 are included in the Sneak Peek feature of Kindergarten Stepping Stones on the NAD website.

~Moderated by Debra Fryson & Kindergarten Steering Committee

MARCH 5: DI IN ACTION: A SDA PERSPECTIVE

In this session Barbara Plubell and Martha Havens, Trained DI trainers, will share vignettes from classrooms depicting some of the elements of differentiated instruction from a Seventh-day Adventist perspective.

~Moderated by Martha Havens & Ileana Espinosa

APRIL 2: BYDESIGN: USING INQUIRY TO MAKE SCIENCE COME ALIVE!

How does the ByDesign science series help my students learn good science? This webinar will focus on the Adventist science series for grades 1-8. The various components—textbooks, student science journal, teacher's edition, multi-grade supplement, and additional resources—will be used to illustrate how students can learn science through the inquiry method . . . just like scientists!

~Moderated by Betty Bayer & Jerrell Gilkeson

SPECIFICALLY MATH!

The following webinars are primarily geared for the K-8 HMH series. They will be presented by Houghton Harcourt Mifflin specialists.

NAD LEARNING COMMUNITIES

Take the opportunity to join one or more of the NAD Learning Communities that will be associated with the webinar topics. Learning Communities are designed to bring together educators that share common interests and concerns to better understand teaching and learning practices through collaborative exchanges. Each Learning Community will become available at the end of the webinar and will be ongoing through the rest of the school year.
